Re; Williams/ damages 10/5/74

Dear Jim,

All the claims we filed read "for damages to us" and our chickens, etc.

And Williams filed for $200,000 or $2500000.

For chickens?

Battle cry: Remember Judge Battle! Some chicken, some _____.

Without us having alleged any physical contact with any aviation that trespassed and otherwise violated the regulations and the court's decision, prithee what alternatives are there to the "damages to us" other than psychological and their consequences?
